Class Size:

A ratio of 20 (students): 1 (Instructor) is maintained in both the classroom and the clinic floor. Class size may vary depending on demand and the time of year.

- Attend an information session and interview with the Admissions Department. During this time the applicant will receive direction to access or a hard copy of the student catalog and the Right to Know information. Financial options will be explained. The Financial Coordinator will be available to assist in meeting as needed.
- After the above is completed, the Admissions Department will review the applicant's information and will notify the applicant as to their acceptance status.
- If accepted, the applicant will need to complete an enrollment agreement.
- Withdrawn students may reapply to the school after a waiting period of 180 days and may re-enroll for up to two years.

The institution does not recruit any student who is already attending or admitted into another school offering similar programs of study. All courses are taught in English.

Transfer Policy

Students applying to transfer hours and performances from another cosmetology school must submit copies of official transcripts. After those records are reviewed, the student will be asked to take a written and practical exam, administered by the institution, to determine if the hours are approved. Student must score a 90% or above on both exams. The institution only accepts half of the hours gained from another cosmetology school up to a maximum of 500 hours. An appropriate adjustment will be made in tuition and fees corresponding to the acceptance of transfer credit hours. For V.A. students, the V.A. will be notified in writing if transfer hours are accepted.

Re-Entrance

A student whose enrollment is interrupted for either voluntary, academic, attendance or disciplinary reasons may be considered for re-enrollment after a waiting period of 180 days and may re-enroll for up to two years unless mitigating circumstances apply. The student must re-apply to the Admissions Department for consideration of reinstatement on a space available basis. Any student who re-enters will return in the same Satisfactory Academic Progress status at time of withdrawal.

If the student had an unpaid balance after the refund calculation was completed, this unpaid balance must be satisfied at the time of re-application, unless mitigating circumstances apply.

The student who is re-entering the school must complete a new enrollment agreement, pay the current rate of tuition per hour, pay all fees required, and they must purchase a new kit and books or confirm they have equivalent items from the previous period of enrollment. The student will be given credit for the hours they earned before they dropped unless the two year period has been exhausted.

- Upon re-entry, if the student has not obtained standards of progress at the end of two months, she/he will be terminated and will not receive further consideration for re-entry.

UNIT OF CREDIT

All courses are based on the clock hour system of instruction using a biometric time system. Attendance clock hours are recorded into the SMART system school software.

STUDENT'S RESPONSIBILITY

While the staff and administration are dedicated to assisting the student in reaching his/her goals, the student's success will be determined by the student's efforts.

Each student must:

- Devote a specific number of hours to the course of study in which the student has enrolled and it is the student's responsibility to take advantage of that time and use it wisely.
- Must make every effort to be present for all classes. Due to the nature of the course of study, the student will be presented important facts, information, techniques, and data on a daily basis and is expected to manage their time efficiently in order to reach their goal. The student cannot afford to lose time through tardiness, absenteeism, and /or inattention in class or on the clinic floor.
- Must report to class on time, do the required assignments and turn the assignments in on time.
- Must develop good work habits that will enable him/her to be successful in their career. Good work habits begin with promptness and attention to assignments.

- Complete an application for Federal Student Aid (FAFSA).

- Any employee and anyone who serves on an advisory board, commission or group established by a lender, guarantor, or group of lenders or guarantors shall be prohibited from receiving anything of value from the lender, guarantor, or group of lenders or guarantors except that the employee may be reimbursed for reasonable expenses incurred in serving on such advisory board, commission or group.

MINIMUM WITHDRAWAL AND SETTLEMENT POLICY

Institutional Refund Policy:

For applicants who cancel enrollment or students who withdraw from enrollment a fair and equitable settlement will apply. The following policy will apply to all terminations for any reason, by either party, including student decision, course or program cancellation, or school closure. Any monies due the applicant or students shall be refunded within 45 days of official cancellation or withdrawal. Official cancellation or withdrawal shall occur on the earlier of the dates that:

1. An applicant is not accepted by the school. The applicant shall be entitled to a refund of all monies paid except a non-refundable application fee in the amount of \$50.
2. A student (or legal guardian) cancels his/her enrollment in writing within three business days of signing the enrollment agreement. In this case all monies collected by the school shall be refunded except the non-refundable application fee of \$50, regardless of whether or not the student has actually started classes.

3. A student cancels his/her enrollment after three business days of signing the contract but prior to starting classes. In these cases, he/she shall be entitled to a refund of all monies paid to the school less the non-refundable application fee in the amount of \$50.
 4. A student notifies the institution of his/her withdrawal in writing.
 5. A student on an approved leave of absence notifies the school that he/she will not be returning. The date of withdrawal shall be the earlier of the date of expiration of the leave of absence or the date the student notifies the institution that the student will not be returning.
 6. A student is expelled by the school. (Unofficial withdrawals will be determined by the institution by monitoring attendance at least every 14 calendar days.)
 7. In type 2, 3, 4 or 5, official cancellations or withdrawals, the cancellation date will be determined by the postmark on the written notification, or the date said notification is delivered to the school administrator or owner in person.
- For students who enroll and begin classes but withdraw prior to course completion (after three business days of signing the contract), the following schedule of tuition earned by the school applies. All refunds are based on scheduled hours.

PERCENT OF SCHEDULED TIME ENROLLED TO TOTAL COURSE/PROGRAM	TOTAL TUITION SCHOOL SHALL RECEIVE/RETAIN
0.01% to 04.9%	20%
5% to 09.9%	30%
10% to 14.9%	40%
15% to 24.9%	45%
25% to 49.9%	70%
50% and over	100%

- All refunds will be calculated based on the students last date of attendance. Any monies due a student who withdraws shall be refunded within 45 days of a determination that a student has withdrawn, whether officially or unofficially. In the case of disabling illness or injury, death in the student's immediate family or other documented mitigating circumstances, a reasonable and fair refund settlement will be made. If permanently closed or no longer offering instruction after a student has enrolled, and instruction has begun, the school will provide a pro rata refund of tuition to the student OR provide course completion through a pre-arranged teach out agreement with another institution. If the course is cancelled subsequent to a student's enrollment, and before instruction in the program has begun, the school will either provide a full refund of all monies paid or completion of the course. If the course is cancelled after students have enrolled and instruction has begun, the school shall provide a pro rata refund for all students transferring to another school based on the hours accepted by the receiving school OR provide completion of the course OR participate in a Teach-Out Agreement OR provide a full refund of all monies paid.
- Students who withdraw or terminate prior to course completion are charged a termination fee of \$150.00. This refund policy applies to tuition and fees charged in the enrollment agreement. Other miscellaneous charges the student may have incurred at the institution (EG: extra kit materials, kit and books, products, unreturned school property, etc.) will be calculated separately at the time of withdrawal. All fees are identified in this catalog and in the student's enrollment agreement.
- If a Title IV financial aid recipient withdraws prior to course completion, a calculation for return of Title IV funds will be completed and any applicable returns by the school shall be paid, as applicable, first to unsubsidized Federal Stafford Student Loan Program; second to subsidized Federal Stafford Student Loan Program; third to Federal Pell Grant Program; fourth to other Federal, State, private or institutional student financial assistance programs; and last to the student. After all applicable returns to Title IV aid have been made, this refund policy will apply to determine the amount earned by the school and owed by the student. If the student has received personal payments of Title IV aid, he/she may be required to refund the aid to the applicable program.
- Veterans Only. The amount charged to the student for tuition, fees and other charges when only a portion of a course is completed shall not exceed the approximate prorated portion of the total charges for tuition, fees and other charges that the length of the completed portion of the course bears to its total length. Refunds will be made within 30 days after the last class attended, or the effective date of the withdrawal or termination. This policy is in compliance with the requirements of Title 38 CFR 21.4255.

RETURN OF TITLE IV FUNDS

The law specifies how your school must determine the amount of Title IV program assistance that you earn if you withdraw from school. The Title IV programs that are covered by this law are: Federal Pell Grants, Academic Competitiveness Grants, National SMART Grants, TEACH Grants, Stafford Loans, PLUS Loans, Federal Supplemental Educational Opportunity Grants (FSEOGs), and Federal Perkins Loans.

When you withdraw during your payment period the amount of Title IV program assistance that you have earned up to that point is determined by a specific formula. If you received (or your school or parent received on your behalf) less assistance than the amount that you earned, you may be able to receive those additional funds. If you received

more assistance than you earned, the excess funds must be returned by the school and/or you.

The amount of assistance that you have earned is determined on a pro-rata basis. For example, if you completed 30% of the scheduled hours in your payment period, you earn 30% of the assistance you were originally scheduled to receive. Once you have completed more than 60% of the scheduled hours in your payment period, you earn all the assistance that you were scheduled to receive for that period.

If you did not receive all of the funds that you earned, you may be due a Post-withdrawal disbursement. If your Post-withdrawal disbursement includes loan funds, your school must get your permission before it can disburse them. You may choose to decline some or all of the loan funds so that you don't incur additional debt. Your school may automatically use all or a portion of your Post-withdrawal disbursement of grant funds for tuition, fees, and room and board charges (as contracted with the school). The school needs your permission to use the Post-withdrawal grant disbursement for all other school charges. If you do not give your permission (some schools ask for this when you enroll), you will be offered the funds. However, it may be in your best interest to allow the school to keep the funds to reduce your debt at the school.

There are some Title IV funds that you were scheduled to receive that cannot be disbursed to you once you withdraw because of other eligibility requirements. For example, if you are a first-time, first-year undergraduate student and you have not completed the first 30 days of your program before you withdraw, you will not receive any Direct loan funds that you would have received had you remained enrolled past the 30th day. If you receive (or your school or parent receive on your behalf) excess Title IV program funds that must be returned, your school must return a portion of the excess equal to the lesser of: your institutional charges multiplied by the unearned percentage of your funds, or the entire amount of excess funds. The school must return this amount even if it didn't keep this amount of your Title IV program funds. If your school is not required to return all of the excess funds, you must return the remaining amount. Any loan funds that you must return, you (or your parent for a PLUS Loan) repay in accordance with the terms of the promissory note. That is, you make scheduled payments to the holder of the loan over a period of time.

Any amount of unearned grant funds that you must return is called an overpayment. The maximum amount of a grant overpayment that you must repay is half of the grant funds you received or were scheduled to receive. You must make arrangements with your school or the Department of Education to return the unearned grant funds.

The requirements for Title IV program funds when you withdraw are separate from any Institutional Refund Policy that your school may have. Therefore, you may still owe funds to the school to cover unpaid institutional charges. Your school may also charge you for any Title IV program funds that the school was required to return.

Determination Date/Withdrawal Date (Official/Unofficial Withdrawal):

The last date of attendance would be the last day the student was physically in attendance at the school. A withdrawal date on a student who had been previously attending could be up to, but not to exceeding, 14 consecutive calendar days from that student's actual last date of attendance. An active student officially withdraws when they notify the school's administrative office of their intention to withdraw from school. An active student is considered unofficially withdrawn when they have been absent for 14 consecutive calendar days from their last date of physical attendance without notifying the school's administrative office.

Return of Title IV Funds by the School

The school must return the unearned aid for which the school is responsible by repaying funds to the following sources, in order, up to the total net amount disbursed from each source.

Title IV Programs

1. Unsubsidized FFEL/Direct Stafford Loan
2. Subsidized FFEL/Direct Stafford Loan
3. FFEL/Direct PLUS (Parent)
4. Pell Grant
5. Academic Competitiveness Grant
6. National SMART Grant
7. FSEOG
8. TEACH Grant

If you have questions about your Title IV program funds, you can call the Federal Student Aid Information Center at 1- 800-4-FEDAID (1-800-433-3243). TTY users may call 1-800-730-8913. Information is also available on Student Aid on the Web at www.studentaid.ed.gov.

Verification

Students selected by CPS (Central Processing System) for the process of verification are frequently required to submit additional information and/or parents' financial & household information to the finance office. The verification procedures will be conducted as follows:

1. When selected by CPS for the process of verification, the student must submit all required documentation to the finance office within 14 days from the date the student is notified that the additional documentation is needed for this process.

2. If the student does not provide all of the required documentation within the 14 day time frame, the student will be required to make other payment arrangements until the documentation is received and the student's eligibility for federal student aid has been established.
3. The finance office reserves the right to make exceptions to the policy stated above on a case by case basis for extenuating circumstances.
4. The finance office will notify the student of any changes to their financial aid award resulting from corrections made due to the verification process. An adjustment will be made to the student's financial aid award as required by federal regulations and an addendum to the existing award letter or a new award letter will be issued.

VOTER REGISTRATION

The institution encourages its students to be registered voters and to exercise their right to vote. The school maintains information for students on Voter Registration. Please see the Admissions Rep.

POLICY FOR SAFEGUARDING INFORMATION

Non-public personal information is information which is not publicly available on:

- 1) your name, address, social security number,
- 2) name of your financial institution and account number,
- 3) information provided on your application to enroll,
- 4) information provided on your application for a grant or loan,
- 5) information provided on a consumer report, or
- 6) information obtained from a website.

The institution is committed to implementing and maintaining a comprehensive information security program, to maintain and safeguard your non-public personal information against damage or loss. The policy covers all student records in whatever form (hard copy, electronic).

The Owner/Director and Financial Coordinator shall be responsible to coordinate the school's information security program. The coordinator shall, at least once every 3 years, assess foreseeable internal and external risks to the security, confidentiality, and integrity of customer information that could result in the unauthorized disclosure, misuse, alteration, destruction or other compromise of the information. The risk assessment shall cover every relevant area of school operations, including employee training & management, network & software design, information processing, storage, transmission and disposal, and ways to detect, prevent and respond to attacks, intrusions, or other system failures. The coordinator shall design and implement safeguards to control identified risks and shall monitor the effectiveness of them, recommending changes when warranted.

Records for prospective students who are not accepted or who do not enroll in the school shall be held for 12 months then destroyed in a secure manner. Records of enrolled students shall be maintained in accordance with federal and state law and accreditation requirements. Students shall receive notice of this policy at the time they submit a signed application for enrollment. All currently enrolled students shall receive an annual notice of this policy.

The institution shall only enter into servicing agreements with service providers who also maintain appropriate safeguards for customers' non-public personal information.

RIGHTS AND PRIVACY

It is the policy of the institution to abide by the Family Educational Rights and Privacy Act of 1974. The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.
- Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.

- Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):
 - School officials with legitimate educational interest;
 - Other schools to which a student is transferring;
 - Specified officials for audit or evaluation purposes;
 - Appropriate parties in connection with financial aid to a student;
 - Organizations conducting certain studies for or on behalf of the school;
 - Accrediting organizations;
 - To comply with a judicial order or lawfully issued subpoena;
 - Appropriate officials in cases of health and safety emergencies; and
 - State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school. CAMPUS SECURITY ACT INFORMATION DISCLOSURE

Under the Crime Awareness Campus Security Act of 1990 (Title II of Public Law 101-542), which amended the Higher Education Act of 1965 HEA. This act required all postsecondary institutions participating in HEA's Title IV student financial assistance programs to disclose campus crime statistics and security information. The act was amended in 1992, 1998 and 2000. The 1998 amendments renamed the law the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act in memory of a student who was slain in her dorm room in 1986. It is generally referred to as the Clery Act. On Aug. 14, 2008, the Higher Education Opportunity Act or HEOA (Public Law 110-315) reauthorized and expanded the Higher Education Act of 1965, as amended. HEOA amended the Clery Act and created additional safety- and security-related requirements for institutions.

The institution is committed to providing safety to all of its students, faculty, and staff. If a crime happens to the student or the student's property or if there is an emergency occurring on campus, report the incident to an educator, director or owner immediately. That individual will assist the student or guest in reporting the crime to the local police or other appropriate security force.

The institution will provide students, faculty, and staff with an annual security report from the previous calendar year by October 1st of the following year. Statistics will be gathered from the local police and compiled in the annual report.

The report will show the number of incidents on campus, including the institution's parking lot and adjacent streets. At any time, statistics can be accessed from the Financial Aid Office.

Although the institution does not employ security officers, the institution has a working relationship with the local police who are able to support and provide services promptly in the event of an incident. We encourage accurate and prompt reporting of all crimes to the local police.

The facilities are open Monday through Friday according to assigned class/salon area schedules. The building may also be open for educational classes for licensed professionals in cosmetology or to groups securing the use of the facilities through the owner. Only educators, administrators and owners have keys to the building thus preventing internal crimes to as great an extent as possible. We encourage students and employees to be responsible for their own security and the security of others.

The institution does not provide any programs on campus regarding security or prevention of crimes. If students wish to learn more about personal security or prevention of crimes, contact the local Police Department.

The institution does not have any off-campus locations and therefore all monitoring and recording of any criminal activity is conducted on campus and the surrounding accessible areas. (See Campus Geography)

SATISFACTORY ACADEMIC PROGRESS POLICY

The Satisfactory Academic Progress Policy is consistently applied to all students enrolled at the school regardless of form of payment, cash pay or Title IV HEA Program funds. It is printed in the catalog to ensure that all students receive a copy prior to enrollment. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education.

EVALUATION PERIODS & ACADEMIC YEARS

The following is the evaluation periods and academic years for our programs

Program	Evaluation Period	Academic Year
Cosmetology	450, 900, and 1200 actual clocked hours	900 clock hours
Nail Technology	150 actual clocked hours	300 clock hours
Instructor	400 actual clocked hours	800 clock hours

*Transfer Students- Midpoint of the contracted hours or the established evaluation periods, whichever comes first. SAP evaluations periods are based on actual contracted hours at the institution.

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have ample opportunity to meet both the attendance and academic progress requirements of at least one evaluation by midpoint in the course or academic year, whichever occurs sooner. All periods of enrollment are included in the SAP calculation for Title IV eligibility and otherwise.

ATTENDANCE PROGRESS EVALUATIONS

Students are required to attend a minimum of 75% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 75% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate

within the maximum time frame allowed.

MAXIMUM TIME FRAME

The maximum time (which does not exceed 133% of the course length) allowed for students to complete each course at satisfactory academic progress is stated below:

COURSE	MAXIMUM TIME ALLOWED SCHEDULED HOURS
Cosmetology - 1500 Hours	1995
Nail Technology – 300 Hours	399
Instructor – 800 Hours	1064

The maximum time allowed for transfer students who need less than the full course requirements will be determined based on 75% of the scheduled hours. Students who have not completed the course within the maximum timeframe may continue as a student at the institution on a cash pay basis. However, students must graduate within 3 months after expiration of the maximum time frame or will be terminated from the program.

All courses offered by the institution are clock hour programs and all students attend on a continuous basis. Therefore, we do not offer term or credit hour based programs. Enrollment is based on one period of continuous enrollment which counts towards satisfactory academic progress and maximum time-frame, including any time in that period where a student would not receive Title IV, HEA program funds. The period of enrollment includes, fall, winter, spring, and summer, as applicable to the student's enrollment agreement.

ACADEMIC PROGRESS EVALUATIONS

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are only counted as completed when rated satisfactory or better. If a performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. Comprehensive practical skills evaluations will be conducted during the course of study in accordance with the N.C. State Board of Cosmetic Arts Examiners guidelines and includes safety and sanitation practices. Practical skills are also evaluated according to text procedures, evaluation criteria, and rubrics along with the execution and the finishing of the service and the quality of the service performed.

Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

94%-100%	= Excellent
87%-93%	= Very Good
80%-86%	= Satisfactory
79% and below	= Unsatisfactory

DETERMINATION OF PROGRESS STATUS

Students meeting the minimum requirements of an 80% for academics and 75% for attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will receive a hard-copy of their Satisfactory Academic Progress Determination at the time of each of the evaluations. Students deemed not maintaining Satisfactory Academic Progress may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation. **Once federal monies have been terminated, the balance of the tuition owed is the responsibility of the student.**

WARNING

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she may be placed on probation and, if applicable, students may be deemed ineligible to receive Title IV HEA Program funds, as applicable, and will be terminated from the program unless financial arrangements are made with the school.

PROBATION

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress while during the probationary period, if the student appeals the decision, and prevails upon appeal. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students

will not be

deemed eligible to receive Title IV funds.

RE-ESTABLISHMENT OF SATISFACTORY ACADEMIC PROGRESS

Students may re-establish satisfactory academic progress and Title IV, HEA Program funds, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period, at the next scheduled evaluation. Students can make up hours during course times the student is not normally scheduled for attendance. Students may begin attending makeup hours as they are needed.

INTERRUPTIONS, COURSE INCOMPLETES, WITHDRAWALS

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal. If a student is considering pursuit of a second program, they must graduate or withdraw from the current program. If a student decides to switch a program, the current SAP will start over with the new program. The old program SAP will no longer apply.

APPEAL PROCEDURE

If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the school on the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. The appeal should be given to the Director or President in a sealed envelope. Appeal documents will be reviewed and a decision will be made and reported to the student within 14 days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable.

NONCREDIT AND REMEDIAL COURSES

Noncredit and remedial courses do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory academic progress standards.

TRANSFER HOURS

With regard to Satisfactory Academic Progress, a student's transfer hours from other institutions will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted. SAP evaluations periods are based on actual contracted hours at the institution.

NOTE: Withdrawal passing/withdrawal failing are not applicable to this institution.

- End of Satisfactory Academic Progress Policy -

VA STUDENTS SATISFACTORY ACADEMIC PROGRESS POLICY

The length of evaluation periods exceeds NC SAA requirements. Therefore, for students receiving VA benefits, the school will use the following policy covering attendance and academic performance.

VA students will be evaluated at the end of each month. If a student fails to meet standards (75% attendance and 80% GPA), during that month, she/he will be placed on probation for the following month. At the end of the probation month, if the student continued to fail to meet standards, she/he will be terminated.

MAKE-UP POLICY

Any theory or practical grade below 80% may be repeated if the following criteria are met:

1. Approved by the instructor administering test or practical.
2. Must be repeated within same evaluation period.
3. All Section Finals may be retaken.
4. Make up tests may only be taken via arrangement with an instructor.
5. If a student is absent on a test day, a valid excuse from a qualified person or agency (doctor, etc.) is required to retake any test. Rescheduled tests will be administered prior to the start of scheduled classes.
6. Additional make-up days for attendance may be added as needed and due to unforeseen circumstances as warranted.

ACCESS TO FILES

All students are guaranteed access to their files, both hard copies and electronic files, upon request, or as soon as reasonably possible. Student must request file information from the Director, Financial Aid Coordinator, Lead Instructor or Administrative Assistant.

COUNSELING

The institution encourages students to contact the Director or any staff member regarding any problems that arise, which could potentially affect their training. Personal advising by the Instructors will be given during training hours to help a student realize their full potential. The Director may recommend professional counseling if needed.

Students are provided with academic advising and additional assistance, as needed.

ATTENDANCE POLICIES

Time Clock Scan

The student must scan in when entering school and scan out when leaving. The student has 24 hours to notify the administrative office (in person or by leaving a voice mail message) if forgetting to make any scans throughout the day. Once the 24 hours has passed, the student may not acquire hours they were not accounted for.

Students must scan in and out any other time when leaving the premises and not on break. The record of attendance is required. Time not recorded will not be counted toward the attendance requirements. **If a student has been asked to clock out and leave for the day, the student is expected to do so at that time and not linger.**

No student may scan in or out for another student. Failure to comply with this rule will result in disciplinary action against both students involved. Once the student has scanned in, he/she may not leave the building without permission from the Instructor or Director. Failure to maintain good attendance will result in additional fees and charges in tuition in order to complete the course.

Tardiness

Students are scheduled to arrive by 8:30 am. Students may arrive as late as 8:45 am. This fifteen-minute window allows for unexpected delays and circumstances which may have impacted the student's arrival time. Students are not permitted to clock in and attend school for the day if they arrive after 8:45 am. Students not clocked in by 8:45 am will be considered absent unless they have a professional note in hand upon arrival which explains their tardiness.

Students are required to call the front desk by 9:00 am to alert the school of their absence. Excessive unexcused absences can result in a negative determination of the Satisfactory Academic Progress attendance requirements, and therefore the possibility of dismissal.

Lunch Breaks

All basic 5-day students are required to take a one - hour lunch break Monday – Friday. Lunch schedule is at the discretion of the Instructors. 5-day advanced students are given a forty-five minute lunch break Monday through Friday.

All basic and advanced 3-day students are required to take an hour and fifteen-minute lunch and/or dinner break each day. Students that are on the clinic floor and are given a lunch-time by the front desk are notified if there is a change in their schedule. All classroom students are given an assigned lunch-time from their classroom Instructor. All students must follow their allotted time and must get permission from an Instructor and the Front Desk Receptionist before making any changes to the lunch times, due to their client schedules.

Thursday/Friday and Day Before/After a Holiday Attendance Policy

THURSDAY (3-day) AND FRIDAY (5-day) ATTENDANCE IS MANDATORY! In order to be excused from Thursday/Friday attendance, the student must submit the request in writing to the Director or Lead Instructor at least two weeks prior or as soon as reasonably possible under aggravating circumstances. Students are warned and made aware of this policy during Orientation Day and Clinic Floor Orientation. Violation of this policy will result in a two-day suspension. **ATTENDANCE THE DAY PRIOR TO AND FOLLOWING A SCHEDULED HOLIDAY IS REQUIRED. ANY EXCEPTION MUST BE PRE-APPROVED BY THE DIRECTOR OR LEAD INSTRUCTOR.**

Phase 1 Attendance Policy

During the first 10 weeks of basics in the Cosmetology program and the week of clinic floor orientation, and the first 65 hours of the Nail Technology program students must be mindful of their attendance. A student with excessive absence from training may be withdrawn from the program and start the program over again. The students cover a

large amount of material and important information during this phase of the program.

ABSENTEEISM

Excused

If the student is unable to attend school, she/he is required to call to notify the receptionist prior to 9:00 am or as soon as feasibly possible. The Director will review all presented special circumstances as they are presented.

Unexcused

In the event that the student misses 14 consecutive calendar days, the student will be considered withdrawn unless they have been in contact with the school.

Leave of Absence Policy

A student who must take an approved Leave of Absence (LOA) or must withdraw from training will return to school in the same satisfactory academic progress status as prior to the leave of absence.

A student may be granted a LOA for any of the following reasons and where there is a reasonable expectation that the student will return from the LOA:

1. Administrative
2. Medical Issues

Students must follow this policy when requesting a LOA. The LOA must be requested and approved in writing prior to LOA occurring. In addition, the student is required to list the reason for the LOA and their signature on the LOA form. Emergency LOA, without prior written request, may be granted provided the student completes the LOA form and returns it to the institution via mail or in person within reasonable resolution of the emergency. In an emergency instance, the beginning date of the LOA will be determined to be the first date that the student was absent due to the emergency. The institution will document the reason for the grant of an emergency LOA.

A student who is granted a LOA that meets the above-mentioned criteria is not considered to have withdrawn and a refund calculation is not required.

The maximum time frame for a LOA is 180 calendar days and the minimum is 14 calendar days. The institution permits more than one LOA provided the total number of days of all LOA does not exceed 180 calendar days within a 12-month period. In instances where a LOA has been requested and additional time is needed it is the student's responsibility to notify the institution and request an extension to their original LOA. Students may be granted an extension to a LOA. Only one extension will be granted unless mitigating circumstances exist.

If the student does not return from the LOA by the expiration of the approved leave of absence, the student will be considered withdrawn. The institution is required to take attendance and therefore the withdrawal date for the purpose of calculating a refund will be the student's last date of attendance. Additionally, the student's loans will go into repayment after 180 days from the last date of attendance.

The student's contract end date and maximum time frame will be extended for the same number of days the student was on LOA without any additional institutional charges or penalty to the student. Changes to the contract period on the enrollment agreement must be initialed by all parties or an addendum must be signed and dated by all parties.

LOA students are not allowed on campus for services or socializing. LOA students must remove all items from their locker and station prior to their departure and remove them from the building. Students must continue to adhere to the financial stipulations of their contract during their LOA including any monthly payments due, as applicable.

The VA will be notified if a student receiving VA benefits is granted a LOA. The VA benefits will be discontinued during the duration of the LOA.

HATE CRIME/VIOLENCE POLICY

This policy describes the assessment and investigating of reports of intimidation/Hate Crime and violence at the institution. Pinnacle Institute of Cosmetology has a zero-tolerance policy for such acts and will investigate each incidence thoroughly. It is also the sole responsibility of all staff members and students to state their “knowledge of occurrence” of a hate crime.

Definitions:

Hate Crime: Hate Crime happens when the perpetrator’s prejudice against any identifiable group of people is determines who is victimized. Hate Crime can be any crime based on people’s difference, be the difference race, culture, faith, color of skin, age, gender, sexual orientation or disability or other vulnerability.

A **victim** of hate crime does not have to be either a member of a minority or someone who is generally considered to be a “vulnerable” person. For example, the friend of a visible minority ethnic person, lesbian or refugee may be victimized because of their association. In other cases a person entirely unconnected with hate motivation may be victimized if the perpetrator is mistaken in perceiving an association. Anyone can become a victim of a hate crime.

Bullying: Bullying is defined as bad mouthing, harassing, hazing, threatening via words or gestures, making derogatory comments or physically intimidating students or staff.

Racist Incident: Any incident, which is perceived to be racist by the victim or any other person.

Homophobic Incident: Any incident that is perceived to be homophobic by the victim or any other person who is directly impacted based upon a perception by those to be lesbian, gay men, bisexual or transgender people.

Domestic Violence: Any incident of threatening behavior, violence or abuse (psychological, physical, sexual, financial or emotional) between adults who are or who have been intimate partners or family members and regardless of gender. Domestic violence is a crime and is not acceptable in any society.

SEXUAL MISCONDUCT POLICY

Title IX Regulations prohibits discrimination on the basis of sex, which includes sexual harassment and sexual violence, in its programs and activities. This institution is committed to maintaining an educational and working environment that is free from discrimination and harassment, including maintaining an environment in which no student, regardless of sexual orientation or gender identity, is excluded from participation in or denied the benefits of its programs and activities as a result of gender. Any student who violates this policy will be subject to disciplinary action.

Pinnacle Institute of Cosmetology has jurisdiction over Title IX complaints. When a student feels that he/she has been subjected to discrimination on the basis of sex, then he/she uses the Title IX grievance procedures to bring concerns to the attention of the school’s Title IX Coordinator, for the purpose of obtaining a prompt and equitable resolution/action to prevent, correct, and/or if necessary to discipline behavior that violates this policy.

Pinnacle Institute of Cosmetology condemns any form of sexual misconduct, sexual violence, sexual harassment, domestic violence, dating violence, stalking or any other type of conduct that creates a hostile environment. This policy extends to off campus activities and applies to all students and staff regardless of sexual orientation or gender identity. The policy also applies to third parties engaging with students and staff.

All students are given a copy of the Sexual Misconduct Policy at orientation. The entire policy is also available under the Disclosures section of the school website at <http://www.pinnacleinstitute.edu/disclosures>. Should road conditions in the student's area be hazardous; please do not attempt to come to school. Call the school and leave it on the main voicemail. Weather delays and/or closings will be excused absences and will not contribute to over-contract fees.

CAREER PLANNING AND PLACEMENT

At Pinnacle Institute of Cosmetology we work diligently to assist our graduates with employment. Prior to graduation, the institution will assist the student with interviewing techniques, résumé preparation, writing letters of application and career building techniques. The institution offers career counseling and will assist the student in locating their first career position upon request. We also provide on-going job placement assistance to our graduates, upon the

graduate's request. Job referrals are posted in the institution and made known to graduating students when available. While the institution offers this placement assistance, it cannot guarantee employment.

STUDENT GRIEVANCE PROCEDURE

The institution will make every attempt to resolve any student complaint that is not frivolous or without merit. Complaint procedures will be included in new student orientation, thereby assuring that all students know the steps to follow should they desire to register a complaint at any time. Evidence of final resolution of all written complaints will be retained in school files through two complete accreditation cycles. The following procedures outline the specific steps of the complaint process.

1. All complaints should go through a verbal process first. The parties involved may state their complaint to any staff member with whom they feel comfortable.
2. If a verbal complaint does not resolve the situation, the student should register the complaint in writing on the designated form provided by the school within 10 days of the date that the act which is the subject of grievance occurred.
3. The Director will review the complaint within 10 days and will document the meeting between the Director and complainant in writing; giving the complainant a copy of this written record and or resolution.
4. If after careful evaluation, the problem can't be resolved through discussion, the complaint will be referred to the school's complaint committee consisting of the school Director, Pinnacle Institute of Cosmetology President, and an Instructor or staff member (if found necessary) within 21 days of receipt of the complaint.
5. If more information from the complainant is needed, a letter will be written outlining the additional information. If no further information is needed the complaint committee should act on the allegations and letter will be sent to the complainant within 21 calendar days stating the steps taken to correct the problem, or information to show that the allegations were not warranted or based on fact.
6. Records of complaints and their resolution are maintained according to the institution's record keeping policy.
7. Complainants are required to attempt resolution through the school's complaint process. If the complaint is of such an extreme nature that it cannot be resolved by the corporate manager, a form is available through The North Carolina Board of Cosmetic Arts Examiners – 1207 Front Street, Suite 110, Raleigh, NC 27609, or The National Accrediting Commission for Career Arts and Sciences – 3015 Colvin Street, Alexandria, Virginia 22314 or www.naccas.org.
